Washington's Beach Town

The town of Seabrook was first founded in 2004 by Casey and Laura Roloff and has affectionately become known as Washington's Beach Town by locals and visitors alike. Inspired by Seaside, Florida, Seabrook was built with a foundation of new urbanism design where homes, shops, and restaurants are now seamlessly woven into a scenic bluff overlooking the Pacific Ocean.

Seabrook features over 620 homes throughout several neighborhoods, numerous merchants, over 20 parks, a Town Hall, and countless other amenities. Seabrook is an ideal place to call home, to stay in a vacation rental, or to visit for a coastal day-trip.

The leadership team continues to bring new urbanism to the coast, expanding our walkable town while also working to stay environmentally friendly and sustainable.

Town Merchants

The calming ocean, iconic trees, and surrounding nature are top reasons people return to Seabrook again and again. In addition to these inherent draws, there are the Seabrook shops, experiences, and restaurants, which are growing in attraction and number yearly.

Seabrook's merchants are a dynamic group of people - and it shows in their diverse offerings, products, and services. From salespeople to vacation planners, chefs, bakers, grocers and purveyors, being a merchant in Washington's Beach Town is exciting and fulfilling. Imagine living your passion at a vacation destination.

The retail offerings in Seabrook are as diverse as the merchants themselves. Guided experiences, surf lessons, candle making, an arcade and luxury spa treatments are just

the beginning. Boutique men's and women's clothing, fashion accessories, PNW gear, homewares, keepsakes, and logowear are enjoyable to browse and buy. There are the town staples of a bookstore, dog store, and toy shop. Finally, the foods and eats... Latin/Mexican cuisine, an American family diner, artisan pizza and Italian dishes, also a wine bar, ice cream and treat shop, and bakeshop (baking goods from scratch daily). And, not to be forgotten, in-town grocery store 11,000+ sq. ft. marketplace of fresh, local, and trending foods. As always, there are more town merchants and retail options on the way... a barbershop, furnishings, brunch spot, and more restaurants.

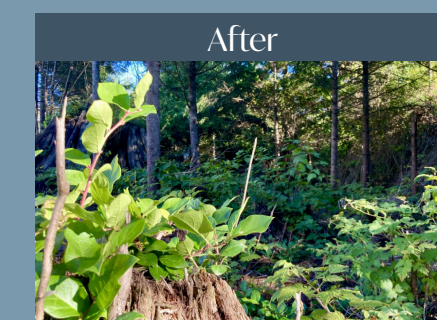

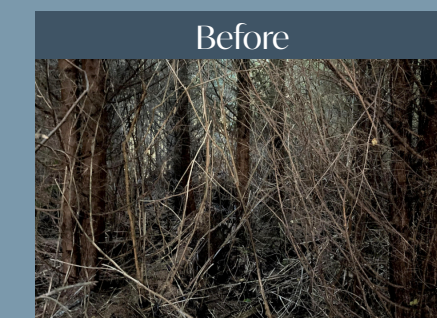

Seabrook's Land And The Future

When Casey and Laura Roloff purchased Seabrook's land, it had been clear-cut three times, resulting in unhealthy undergrowth where plant life has struggled to thrive.

As good stewards of the land, Seabrook has been working to bring light back into the forest in many ways, from partnering with the professional landscape architecture group, Facet, to recycle and promote plant growth, to meeting with community members.

From climate change preparedness, cleaner air, wildlife habitats, and more, the benefits of working to make a strong forest is part of a lasting legacy of the Seabrook community.
